### Jewelry Store Win- dow Smashed While Thousands Look On

## FILL POCKETS WITH DIAMONDS

(By The Associated Press)  
NEW YORK, March 12.—While Broadway tonight was crowded with theatre goers, three armed bandits smashed in the window of a jewelry store at 37th street, kept the crowds at bay with their revolvers until they had emptied the contents of several trays into their pockets and then escaped.

Five minutes later three men entered another Broadway jewelry store a few blocks uptown and, after throwing pepper in a clerk's eyes, grabbed some jewelry and fled to members of the trio, ran from the store. The men were arrested by the police after a chase.

Both robberies, committed in the heart of the White Light district, were witnessed by thousands of persons. Broadway was thrown into the greatest excitement as police reserves arrived on the double quick working on the theory that the robbers were committed by two different bands raced up and down side streets and scoured the subway for the four missing bandits.

Proprietors of the two stores, estimated that thousands of dollars worth of jewelry had been stolen. The first robbery in which Schwartz Brothers were the victims was engineered with great daring. While rubbing elbows with passing pedestrians one of the bandits slipped an iron bar thru the handles of the door so that it could not be opened from the inside. Then a brick wrapped in cloth was hurled thru the window. The crowd attracted by the crash swarmed about the robbers, two of whom continued coolly their task of taking diamonds and rubies from the window while the third member of their party kept spectators at bay.

Just as a patrolman began to fight his way thru the excited throng, the robbers called it a day's work, packed the last of the goods into their pockets, parted company and started each for himself to carve a way thru the human semi-circle. Then came gun play. Sighting a man break away from the crowd and dart up Broadway the policeman with drawn revolver gave chase. In front of the fugitive was a subway air hole with the cover off and thru this hole the bandit jumped to the subway tracks 15 feet below. He narrowly missed being struck by a passing train for the roar of its progress was heard on the street above a few seconds after the robber played his last card and won.

The second robbery occurred in the store of Marcus Feldman, between 45th and 46th streets where the theater throngs are thickest. Two rings, valued at \$575 and \$2,450, were missing after the second robbery but were said by the police to have been found on two men arrested on charges of robbery and felonious assault.

Detectives investigating the first robbery late tonight expressed belief the bandits had deliberately planned to use the subway air shaft as a means of escape and had removed the cover and placed a red lantern on the sidewalk beside the hole.

## PROHIBITION CAUSES MANY TO LEAVE U. S.

(By The Associated Press)  
NEW YORK, March 12.—Prohibition is causing so many foreign born to leave the United States that immigration is exceeding immigration, according to Congressman Isaac Siegel, a member of the house immigration committee.

Ellis Island records today showed that immigration since January 1, 1919, totaled 53,000, while 61,000 persons left the country. Most of the latter have gone back to Poland and Czech-Slovakia to stay.

While a desire to live in rejuvenated home lands is a factor in emigration, Mr. Siegel believes that prohibition is the principal reason. Inability to buy beer or wine, he says, has created considerable ill-feeling among foreign born residents, particularly in mining districts.

## POLICE RAID DE- VALERA RESIDENCE

Dublin, March 12.—The police today raided the residence of Mrs. E. DeValera, wife of the leader of the Irish republic. They were unsuccessful in their quest.

It is stated that the police mistook a cousin of Mrs. DeValera from London, for the countess in a disguise.

Montgomery, Ala., March 12.—Walter Smith a negro and former soldier was shot to death by six masked men near Legrand, Montgomery county, last night after his arrest by Frank Robinson, a farmer on a charge of attacking a six year old white girl.

## SHIPPING SAVED BY ROUTING SHIPS CLEAR OF GERMAN U-BOATS

### Saved More Tonnage Than Any Other Measure, Sims Tells Senate Committee

(By The Associated Press)  
WASHINGTON, March 12.—More shipping was saved by keeping track of German submarines and routing vessels clear of them than by any other single measure, Rear-Admiral Sims today told the senate investigating committee.

The admiral's statement was in support of his charge that the navy department had a "fundamental misconception" of the problem of defending home waters in keeping American naval forces on this side of the Atlantic rather than by giving "whole hearted and vigorous co-operation, to the allies."

"Actual experience has shown" the witness continued, "that we could depend upon keeping reasonably accurate track of all submarines at sea. We were certain we would never have to deal with one or two submarines at a time on our own coast and it was possible to do a great deal towards providing for the safety of shipping in our home waters without the use of any anti-submarine craft at all."

Admiral Sims presented cablegrams announcing the departure from Germany of the first raider for the American coast, sent more than three weeks before the vessel appeared in American waters. The messages he read, he said, were remarkable for the accuracy with which every move of the enemy was foretold adding that they were founded on absolute information obtained by the British admiralty. They proved, he argued, the soundness of his original recommendations to the department that all available forces should be concentrated in European waters.

"It was of course, in the German interest," he said, "to create abroad the impression that they were about to undertake submarine attacks upon the American coast and it is to be noted that such rumors were continually circulated by German agents in Europe and America for the purpose of influencing the navy department and to retain craft on the American side."

Admiral Sims read numerous messages and letters to support his allegations that the navy department failed to give effective support in winning the war. His testimony will be interrupted tomorrow to allow the appearance of Herbert Hoover, whom the admiral desired to be called to substantiate his statements regarding the seriousness of the food situation in Europe in 1918.

## M'ADOO WOULD RELEASE DELEGATES

(By The Associated Press)  
NEW YORK, March 12.—William G. McAdoo telegraphed Coleman C. Vaughan, secretary of state of Michigan, today that he would immediately release delegates from any obligation to support him if the Democratic election in the Michigan primaries endorsed him for president. Mr. McAdoo's telegram said:

"I have your letter and note that under the laws of Michigan my name cannot be withdrawn from the presidential primary to be held in Michigan April 5, 1920. I regret extremely to learn this. My conviction is so strong that all delegates to the next Democratic national convention should go uninstructed that I have been seizing every opportunity to further that result."

"In the circumstances, nothing seems left for me to do except to say that if by any chance the Democratic electors in the Michigan primary should honor me with an endorsement I shall immediately release the delegates from any obligation to support me and beg them to enter the Michigan national convention at San Francisco without any limitations upon their freedom of action so far as I am concerned."

## EXPULSION FROM STOCK EXCHANGE

Chicago, March 12.—Bruno Benjamin Marcuse of Marcuse & Co., brokers, who was expelled by the Stock Exchange for alleged bucketshop operations today was suspended from the Chicago Stock Exchange at the same time Federal Judge Landis named the Central Trust Company of Illinois as receiver in the bankruptcy action instituted against the company.

Experts who examined the company's books today were told by Phil G. Strom, office manager for Marcuse that he did not believe creditors would receive more than fifty cents on the dollar.

Judge Landis ordered subpoenas issued for four special partners of the firm. Those named besides Marcuse are Frank Hecht, Joseph Finn and L. H. Morris.

## KING SUFFERS NERVOUS COLLAPSE

Grand Rapids, Mich., March 12.—Paul King, Newberry campaign manager made a vain attempt to resume testimony in the Newberry election conspiracy trial today. Suffering from effects of a nervous collapse, incurred last Tuesday, King was exhausted after five minutes effort to recollect happenings of the 1918 senatorial campaign. Court was suspended while two physicians and Mrs. King attended him. Then the doctors ordered him back to bed.

## LODGE AMENDS HIS RESERVATION TO ARTICLE TEN

### Move Made as Step Toward Harmony and Compromise

## ATTACKED BY FOES OF PACT

(By The Associated Press)  
WASHINGTON, March 12.—A substitute for the Lodge reservation to Article Ten which has stood unaltered for many weeks as the storm center of a peace treaty controversy was introduced in the senate today by its author, Senator Lodge of Massachusetts.

The move described by Republican managers as a step toward harmony and compromise, at first led the senate in exactly the opposite direction by starting a discussion of the new draft with a reservation in which the old. The mild reservationists, backed by most of the Republican membership, said it was not. The Republican irreconcilables said it was, and served notice they would not help adopt it as they did the original. The Democrats keeping silent studied the proposal with apparent suspicion and withheld their decision as to what they would do.

As a result the possibilities of a final agreement remained as beclouded as ever and party leaders revised their predictions of an early vote on Article X. Characterizing the proposed changes as "the terms of a Republican capitulation," to the "white" Senate, McAdoo of Illinois, led in the attack of the Republican irreconcilables.

"A set of weasel words," was the way Senator Brandegee, Republican, Connecticut, described the compromise proposal, while Senator Knox, Republican, Pennsylvania, asserted that it would leave upon the United States the moral obligation for which President Wilson has contended. In general form the new resolution follows the language worked out by Senator Watson of Indiana for the Republicans and Senator Simmons of North Carolina, for the Democrats in their compromise negotiations.

For this language thirty Democratic votes are understood to have been promised but several last minute changes in wording, made by Senators Lodge and Watson before the reservation was presented were held to have invalidated the Democratic pledge. The Republican defection was not confined to the irreconcilables alone. Senator Frelinghuysen of New Jersey who had voted for ratification with the original reservation, declaring on the floor that he never would accept the substitute and Senator Wadsworth of New York, telling his party leaders he could not see wherein they had improved on their original measure.

Republican leaders insisted, however, they could hold at least thirty votes in line and the Democrats who favored the substitute hoped to deliver more than thirty from their side. It takes thirty-four to ratify.

The text of the new reservation follows:

"The United States assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces, its resources or any form of economic discrimination, or to interfere in controversies between nations whether members of the league or not under the provisions of Article X, or to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case, the congress, which, under the constitution, has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall in the exercise of full liberty of action, by joint resolution, so provide."

In presenting the substitute Senator Lodge declared it did not alter in any respect the substance of the reservation or weaken the denial of the nation's obligation under Article X. He made the move he said because he did not feel justified in insisting on a mere matter of phraseology.

Only two Democrats expressed their opinion on the floor, Senator Smith of Georgia, who has supported the original reservation declaring himself for the substitute and Senator McKellar of Tennessee, who has stood consistently with the administration forces, announcing his opposition to the new proposal.

Senator Lodge's presentation of the substitute apparently took the irreconcilables by surprise and aside from their declarations on the floor there were many private expressions of their dissatisfaction. They had constantly and successfully exerted pressure to prevent any modification of the original Lodge reservation and until today apparently believed they convinced him that he should not put in the new substitute.

As it finally stood the substitute represented the result of long consideration by the Republican leaders in which Senator Lodge and Senator Watson are understood to have had the advice of

## GEN. OBREGON MAKES PROMISE TO U. S.

### Declares That He Will Not Start Revolution in Mexico, Has Defeated For Presidency

(By The Associated Press)  
Washington, March 12.—General Alvaro Obregon has made a campaign promise not to start a revolution if he is defeated in his candidacy for the presidency. Since the announcement of his candidacy and that of General Pablo Gonzalez, another officer prominent in Carranza's army, reports have been circulated widely that the defeated candidate would resort to arms.

Obregon's declaration made at Saltillo, Mexico, reached the state department today. He said there was a time when he might have gained the rulership of Mexico by armed force, "but," he added, "I know what another revolution would cost me."

"I am a friend of the United States," Obregon's statement said, "and I shall always try to be on friendly relations with that country because I realize that any Mexican policy that does not include friendly understanding with our neighbor will be doomed to failure."

He also promised that in the event of his election, Mexican political exiles would be permitted to return.

## PRESENCE OF HEALER CAUSES A PANIC

### NEW ORLEANS, La., March 12.—

Led by a score of crippled and ailing men and women, hundreds of persons crowded the Mississippi river levee tonight trying to reach a shack in the neighborhood of John Cudney, a kindling peddler, known as "Brother Isaiah" from reputed cures by the laying on of hands.

The press was so great that 25 policemen were assigned to preserve order and on a rumor that Cudney was about to appear, there was a rush which bore five of the guards into the river. All were rescued.

Cudney, a native Canadian, 73 years old, has been working as a "healer" for some time, and reports yesterday that he had restored sight to the blind started a rush to the levee, a number of invalids being taken there on cots. He was forced to work all night, only retiring at dawn when threatened with physical collapse. Many wealthy persons sought treatment, but all their offers of money or other assistance were refused.

State and municipal authorities refused to disturb the peddler.

## MISSISSIPPI RIVER BLOCKED 100 DAYS

Burlington, Iowa, March 12.—After blocking the Mississippi river for one hundred days the ice moved out this morning at this point. This period of one hundred days is the longest the river has been blocked here for thirty-two years. In the winter of 1887-8 it was blocked for 102 days. The longest record known was in 1842 when the Mississippi was blocked for 147 days. The average period for which the river has been closed in the past thirty-three years is 54 days. During the present winter the ice bridge has been used almost continuously. Thousands of tons of ice has been cut. The ice went out today without zerkine and no damage has been reported.

## URGENT PASSAGE OF ORIGINAL ESTIMATE

WASHINGTON, March 12.—Representatives of a number of business organizations appeared before the senate appropriations committee today to urge that the original estimate of \$1,650,000 for the commercial agent service of the department of commerce be restored in the annual appropriation bill recently passed by the house. They said the work of the service was of the utmost importance to American business interests and especially exporters.

Any curtailment of the activities of the service they said would result in a reduction in the volume of American export business and consequently in manufacturing interests of the country.

## MONTGOMERY SAYS W. V. ACTION LEGAL

Peoria, Ill., March 12.—Senator A. R. Montgomery, who was refused his seat in the West Virginia senate in the recent suffrage battle there, returned to his home here today. Refusal to seat Montgomery, an anti-suffragist because of his removal from the state and the arrival of Senator Guss, resulted in ratification of the federal amendment by the West Virginia assembly.

"The legislative body of West Virginia is the final judge of its own membership according to the constitution of that state," Mr. Montgomery said. "The vote to refuse me a seat was by the necessary margin as legally defined. There is no appeal from that decision."

## DECLARES CONGRESS WILL SUPPORT RELIEF BILL FOR EX-SOLDIERS

### Statement by Former Army Officer Causes Rumpus in House Committee

(By The Associated Press)  
WASHINGTON, March 12.—The frank statement by a war veteran that members of congress would support soldier relief legislation in order to get votes started a rumpus today in the house ways and means committee considering a multitude of bills dealing with the subject. Frank P. Keech, a New York broker, formerly a lieutenant colonel in the inspector general's department opposing additional compensation for former service men declared some legislation might be expected because of political pressure. The inference that members would be swayed thru fear of losing votes was characterized by Chairman Fordney as an insult to the committee and congress. Keech replied that his statement was not intended to be insulting, but that it was nevertheless true.

George M. Rushmore of New York City, a former sergeant, testified that soldiers did not consider the possible harm to government finances which might result from payment of a cash bonus. A great majority of those receiving money would spend it foolishly in six months, he said.

Urging a preferential grant to overseas men, Leonard Ormerod, of Washington who served as an enlisted man in the second division said, "the mental strain from being absolutely cut off from this country," made such soldiers deserve more than would be granted domestic troops.

Martin DeGraff of Cleveland, Ohio, representing the world war veterans urged passage of a bill carrying "not less than \$300" and suggested that some of the necessary funds might be raised from the sale of excess war materials.

## ANTHRACITE MINERS WILL NOT QUIT

(By The Associated Press)  
New York, March 12.—There is "little possibility" that there will be a suspension of work in the Anthracite coal fields March 31, when the present contract between miners and operators expires, according to Phil Murray, international vice-president of the United Mine Workers.

Murray made this statement tonight at the close of the second day's session of the subcommittee of operators and miners appointed to draw up a new wage agreement.

"I have every reason to believe that the demands of the miners will be adjusted satisfactorily by March 31," Murray said. "Should the negotiations go beyond that date we will be without a contract, but it is quite probable that some sort of an agreement can be arranged to keep the men at work."

Mr. Murray said that the demands of the miners for a sixty per cent increase, a day week and a six hour day, has not been discussed. Notice has been served on operators however that the unions demands for a "closed shop" and the checkoff system thru which union dues are collected, must be met. Although the operators have not expressed their stand it is understood that they will vigorously oppose these demands.

## HELFFERICH FOUND GUILTY OF LIBEL

BERLIN, March 12.—Dr. Karl Helfferich, former minister of treasury, today found guilty of libeling Mathias Erzberger, former vice chancellor.

Dr. Helfferich was fined 300 marks and also charged with the heavy costs of the trial which began on January 19.

Although judgment was given against Dr. Helfferich, the verdict was liberally tempered with condemnation of Herr Erzberger, which plainly charged that the defendant had not only proven the former vice chancellor untrustworthy, but guilty of using his official parliamentary position for furtherance of his private gain, notably with reference to the Hamburg American Steamship company shares. The court held that while Dr. Helfferich ostensibly was guided by patriotic motives in his fight against Herr Erzberger, he nevertheless permitted himself to be influenced by hatred of him.

Herr Erzberger was not present when the verdict was announced. Dr. Helfferich was cheered on leaving the court.

## DENOUNCE GERMAN FOR REPRISALS

Paris, March 12.—(Havas).—Former President Poincare, in his first political article in the Revue Des Deux Mondes, denounces Germany for her attempt to secure a revision of the treaty of Versailles. He asks the Anglo-Saxon friends of France, before being moved to pity at Germany's fate, to look at France's devastated regions and agree that, having paid with our blood and our property for victory and the freedom of nations, we have an inalienable and imprescriptible right to recover damages.

## FURTHER ACTION ON COAL SETTLEMENT AWAITS PRESIDENT

### Majority Report is in Hands of Wilson at White House

## NO COMMENT BY OFFICIALS

(By The Associated Press)  
WASHINGTON, March 12.—In all quarters concerned over the bituminous coal controversy a disposition was evinced tonight to await President Wilson's word before taking any action.

The majority report arising from the split in the commission appointed after the coal strike last fall was at the white house, but the minority report of John P. White, miners representative, still was uncompleted. Neither of the documents it was said at the white house would be made public until the president determined whether Mr. White and his assistants, Henry M. Robinson, the commission chairman and public representative on it and Rembrandt Peale the operators' representative could reconcile their views.

John L. Lewis, president and other officials of the mine workers union on the ground, kept in close touch with the situation today, but refrained from comment. It was made apparent, however, that the organization would not move until the president reached his determination of the issue. Likewise operators' representatives said they would await the president's decision.

The majority report recommends that the men be given a twenty-five per cent increase in wages including the 14 per cent awarded them by former fuel Administrator Garfield and that local differences in pay and allowances between different mining districts be referred to another commission.

Mr. White will recommend that the increase be fixed at approximately 35 per cent it is understood. The only difference regarded as serious is the hour schedule. The original demand of the mine workers was for a thirty hour week, a sixty per cent increase in wages and local adjustment of the differentials arising in and between districts.

## MORE TONNAGE HAS NOT HELPED SERVICE

(By The Associated Press)  
Washington, March 12.—Although the world's ship tonnage is greater now than before the war, service rendered is not more than one-half of what it formerly was. J. H. Rossiter, formerly director of operations of the shipping board, today told the senate commerce committee. Delays of all kinds have reduced materially the efficiency of the vessels, he said.

The statement resulted from an effort by Senator Fletcher, Democrat, Florida, to get an estimate as to what American tonnage should be. The witness replied that a figure "out of the sky" would be 12,000,000 deadweight tons; but it was hard to estimate because of the low service now obtained.

Mr. Rossiter strongly favored a "bargain sale" of all wooden ships owned by the government at a price of \$50,000 and without restrictions to flag or trade.

The crying need of the American merchant marine program, Mr. Rossiter said was for cargo craft of the "liner class, ships of 10,000 tons with a speed of 13 or 14 knots. These were needed he said, to establish guaranteed return routes."

"If we are ever to accomplish our dream of making New York instead of London the financial center of the world," he said, "the only way is to establish these regular lines."

## DAVID WARFIELD INJURED

Los Angeles, Cal., March 12.—David Warfield, the actor, was struck by an automobile truck here today and sustained a broken left leg and lacerations of the nose and lips. At a hospital to which Mr. Warfield was taken it was said it had not been determined whether there were internal injuries.

Among other tax proposals recently made is one that the school tax should be on the per capita basis rather than on property holdings. This proposal is not likely to receive serious consideration or support unless it be from men and women who happen to be both wealthy and childless.

Senator Fall, chairman of the committee that has been conducting an inquiry into our relations with Mexico, reports that the

Mexican government has issued orders that Americans who testify before the committee shall not be permitted to cross the line into Mexico. The result has been that business men along the border have been prevented from supplying the committee with much valuable information.

The average weekly wage in New York, factories in December of 1919 was \$26.32, as compared with \$12.50 before the war broke out in 1914. It is estimated that wages have increased by about 107 per cent, and that the cost of living has gone up by about 17 per cent. New York factory workers seem to have been able to induce the New York manufacturers to give them at least a part of their war profits.

**WARD ANOTHER NOTCH**  
The prophecy is made as the result of the coal commission's report that the public is in for a further increase in the price of coal. The commission finding is said to favor an increase in the mining rate and this will no doubt be passed onto the public by the operators. Of course the indictment pending against certain coal miners and operators gives the suggestion of an investigation that will cut down coal costs. But

that is only a suggestion and does not even savor of a promise.

**A MAN WITH A CONSCIENCE**  
Workers everywhere are seeking advances in pay. This has caused some commentators to wonder why it is that nobody seems to think that he is overpaid or that he can put a higher valuation on his services than the facts justify.

Nevertheless it is true that one man in Jacksonville is an exception to the rule. He was recently offered \$3.50 a night to serve as a boiler fireman. He took the job but insisted that the work was worth only \$3 a night and that is the way his name appears on the payroll. This man should either be awarded a medal now or have a monument erected in his memory.

**LIGHTING QUESTION UP TO PROPERTY OWNERS**  
It is said that the committee of citizens now interviewing property owners along a number of streets with reference to boulevard lighting are finding a great deal of interest in the project. There is one especially good point about this lighting plan—that is, the city authorities have no thought of overriding the wishes of the majority of the property owners.

It is to be a matter of voluntary improvement. If the residents of the different streets want to improve those streets with the boulevard lighting system and to spread the payment therefor over a period of ten years, the city officials will co-operate with them and endeavor to push the improvements thru as rapidly and economically as possible.

**MAY INVESTIGATE U. S. GRAIN CORPORATION**  
Impressed with the published report of the Federal grand jury that has been investigating alleged grain speculation in the Northwest by officials of the United States Grain Corporation, Senator Fernald of Maine has had the report read into the proceedings of the Senate with the suggestion that the whole matter be investigated by the Committee on Agriculture. "From now on," said Mr. Fernald, "let us see to it that every one of the government agencies that are so active in interference and in the embarrassment of business shall be abolished and that business men have an opportunity to carry on their business in their own and a business-like way, so long as it is legitimate."

**FARMERS ARE FOR LOWDEN**  
Homer J. Tice of Greenwood, author of the good roads act, reports an overwhelming sentiment amongst the farmers of the state for Governor Lowden for president. "Never before have the farmers taken so great an interest in public questions as now," said Mr. Tice. "I find an almost universal feeling among the agriculturists that Governor Lowden is the man above all others who understands, knows and is in sympathy with the farmers' problems."

lems. The farmers are only asking that their business interests receive consideration equal to that shown other business interests. They ask no advantage for themselves over others and nothing inconsistent with the general public welfare. This they know they will get from Lowden—no more and no less.

"Letters, are coming from farmers from counties all over the state saying Lowden doesn't need boosting in their locality. 'Everybody is for him, but we are glad to help and we are at work. Let us know what more we can do.'"

"Lowden-for-President Farmers' organizations are rapidly forming in every county and there is no question but that in the primary elections in April there will be a tremendous vote for Lowden in all rural communities, as well as in the centers of population."

Secretary Baker, who is a lawyer, had the assistance of another lawyer but made a mistake in figuring out his income tax and a refund is due him from the government. It is no wonder that people without the advantage of legal training find it difficult to compile these income schedules correctly.

Speaking about income tax returns, this will be a happy day for the bankers. It is the last for making income tax schedules as the reports must be in the hands of the revenue collector Monday to avoid fine. All bankers will look back upon recent days and weeks not with longing but with self-congratulation that those days and weeks are a matter of history.

**Rippling Rhymes**  
By Walt Mason

**March Winds.**  
Enjoy the whooping winds of March, exult in every stormy day, recline beneath a bending larch, and breathe in all the air you may. For soon the climate will repeat the stunt it's pulled for countless years, and ship in every brand of heat that it can bring from solar spheres. The later sultry days of June are just before you, as you'll find; July will land upon you soon, and August won't be far behind. So sit beneath a tortured beech, and let the cold winds fan your brow; enjoy the March winds as they sweep—your have such blessings with you now. For soon again you'll have to rise to tasks 'neath which the spirit squirms; again you'll have to swat flies, and boil the microbes and the germs. Through long, long summer nights you'll lie, and yearn in vain for soothing sleep, and wish the weather sharp might die, or moulder in a donjon deep. So sit beneath the spreading oak, and let the March winds to their trick; the heat of summer is no joke, and it is coming, pretty quick.

WHEN a business fails the financial statement reflects the conditions at that time, but the real reason for failure is seldom shown. In many cases the true reason is that the business performed no service which was necessary or useful to society generally.

Every individual must give a useful service if he is to prosper, for society will refuse to maintain him if he fails to be useful to society.

When we find a business which has been notably prosperous over a long period of years, we may be sure that it has won its position by performing a service useful and necessary.

That, in a word, explains the continued, ever-increasing success of the Standard Oil Company (Indiana.)

This Company is included in the list of big business because the ideals of service which it holds and maintains are big.

The Standard Oil Company (Indiana) is big because it recognizes the necessity of developing its sphere of usefulness to the highest degree and of maintaining this high standard in spite of every obstacle.

The success of the Standard Oil Company (Indiana) proves that it is performing a useful service and that every link in its chain of achievements is delivering an added benefit to civilization and to you.

Service is the first consideration of this organization, for it knows that by increasing its service to the public its earnings will automatically grow, and all will profit by its activities.

# URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

**Says: Inflamed Nostrils Invite Influenza**

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet, altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

**Important Reminder:** Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

This is the first scientific automobile man ever brought to Jacksonville.

## ASTHMA WOULDN'T LET HIM LIE DOWN

Hasn't had a sign of trouble now for over 9 months.

"A year ago I had asthma so bad my friends thought I would never get over it. I had doctor for a long time without results. I had not been in bed for 3 weeks, could not even sit up straight in a chair. Then I heard of Milks Emulsion and started using it. It was only two days later that I could go to bed and sleep soundly. After taking eight bottles (\$4 worth) I found myself completely cured. It is over 9 months now since I quit taking Milks Emulsion, and I haven't had a symptom of asthma since."—Geo. W. Baker, R. F. D. 1, Latrobe, Pa.

Why shouldn't Milks Emulsion help you? It has worked wonders for others. It costs nothing to try. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

## BASKETBALL SEASON ENDS AT WINCHESTER

Final Game of Season Played Friday afternoon Between Seniors and Freshmen of High School—Other Scott County Items.

Winchester, March 12.—Students at the high school and their friends have been very much interested in the series of basketball games played here the past week. The first game was between the juniors and the seniors, the latter winning by a score of 38 to 4. The second game was a battle between the freshmen and the juniors and resulted in victory for the former, the score being 16 to 4 in their favor. The third game was between the juniors and sophomores, the juniors winning by a score of 19 to 2. The final game was played Friday afternoon between the seniors and the freshmen. It was a close and exciting game and resulted in victory for the freshmen, the score being 26 to 13. This game ends the basketball season for this year.

Mrs. Perry Bump returned Friday afternoon from Chapin, where she has been visiting relatives. She expects to leave Saturday for her new home in Canton. Mr. Bump has been there for the past week and has taken a position at the National Harvester Co. there.

Robert Sperry, editor of the Herald, is ill with influenza, at his home here.

Mrs. James Warren, who has been at Our Savior's hospital in Jacksonville, for the past three months, was able to return home Wednesday. It will be remembered that Mrs. Warren suffered a fractured hip in December and has been a hospital patient since that time.

Mrs. Bluford McClure and daughter, Miss Ethel, who have been ill for the past week, are now improving.

Mrs. John McCarty, left Friday afternoon for St. Louis, to attend "The Follies."

Mrs. John Hawk, has returned to her home in Merritt, accompanied by S. B. Trickey, who will make a visit here.

Misses Loretta Coultas and Isabel Smithson, will leave on the early train Saturday morning for St. Louis, where they will attend the performance of "The Follies."

Mrs. Harry McCarty, left Friday for Jacksonville, to enter Passavant hospital. She expects to undergo an operation there the first of the coming week.

Miss Bertha Miner, who has been quite ill for the past two weeks, is improving steadily.

Mrs. Daniel T. Smith, left Friday afternoon for White Hall to visit her daughter, Mrs. Sybil Fox.

Mrs. Charles Hopper, was in Springfield Thursday, where she

attended a conference of the executive committee of the Woman's Foreign Missionary society of the M. E. church.

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—is a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home for a long time. It's used by thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will put you down a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## Where Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever on the Lips of the Afflicted

Eczema, tetter, pimples, and other terrifying conditions of the skin, are deep seated blood troubles, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble.

But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach. You have the experience of others who have suffered as you have to guide you to relief. No matter how terrible the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble. Give it a fair trial to be convinced of its efficacy.

#### Matt Starr Post and W. R. C.

Enjoyed Oyster Supper.

"Long live Sister Charlotte Grey" was the unanimous vote of the members of Matt Starr post veterans of the civil war yesterday afternoon. It was Sister Grey who was the guest of honor. She was warmly and sensitively decided to celebrate it by treating Mr. Grey's comrades in arms to a first class oyster supper. The good ladies of the Woman's Relief Corps were assistant hostesses and such a supper was prepared and served is not often enjoyed.

The supper was served after

the meeting of the post and was in the banquet hall, where are all facilities for such an occasion. Everything that could be wished for was there and the old boys showed that though the war had been over almost 55 years they still had appetites unimpaired and the good things so generously distributed disappeared rapidly. A hearty and unanimous vote of thanks was tendered Mrs. Grey and the good ladies who assisted her and after that Commander Wiggins called on Adjutant Rayhill for some remarks. The gentleman responded in a very felicitous manner expressing the great enjoyment the comrades had experienced and their heart felt gratitude to the generous donor and the good ladies who assisted.

At the table the old boys indulged in various reminiscences. "How does this compare with hard tack and salt pork eaten on a log?" "Somebody must have been doing some successful foraging." "Wouldn't the Johnnies smile to be counted in on this?" "Sorry we can't carry away any of this fine oyster soup in our haversacks." "Wish Mrs. Grey had a birthday every month and would celebrate it this way."

While at the table a poll was taken of the ages of the boys. There was a tone of sadness at the small number present, but the severity of the weather kept several away. The ages given were as follows: Commander Wiggins, 77; Adjutant Rayhill, 70; John Winter, 78; W. A. Kirby, 82; M. Hellenenthal, 82; Geo. Faul, 80; Patrick, 78; echtleiter, 86; J. B. Peakern, 74; Ezra Scott, 71; John Kirkman, 80; C. Riggs Taylor, 80; W. H. Jordan, 80; L. Goheen, 78; S. W. Nichols, 76.

The comrades departed with many words of thanks and appreciation and hoping for an early encore.

### Matrimonial

#### Squires-Bruening

Gilman W. Squires and Miss Ada Bruening, were united in marriage, Thursday evening March 11th, at 6 o'clock at the home of the bride's parents, Mr. and Mrs. J. H. Bruening, six miles east of Mercedosa.

The bride was attended by a sister, Miss Carrie Bruening, and the groom was attended by Edward Duvendack.

Rev. B. Garten, pastor of St. Peter's Lutheran church, near Arenzville said the service, using the impressive ring ceremony.

The vows were heard by a small company of relatives and friends.

The home was tastefully decorated and the color scheme being yellow and white.

The bride was becomingly dressed in white georgette crepe, and satin and carried a bouquet of white flowers. The bridesmaid wore a gown of pink and crepe de chine.

Following the ceremony an elaborate dinner was served.

The bride is the youngest daughter of Mr. and Mrs. J. H. Bruening and has always lived in this community. She is a young woman whose charm of manner and traits of character have endeared her to a large circle of friends. The groom, the eldest son of Mrs. Wm. Holscher, a graduate of Brown's Business College, is a young man of ability and highly regarded by many friends.

The young couple will reside on a farm in this community, where their many friends will join in wishing them bright and joyous years, all through the future.

## PASSAVANT HOSPITAL BOARD HELD SESSION

Pres. Curry and Committee Will Push Special Campaign—Will Build Laundry.

The board of trustees of Passavant hospital met last evening with their new president, A. A. Curry, and most of the board, made it known that this institution is entering upon a new era of life. A new laundry is to be built and equipped, the finances generally overhauled, the new part furnished and occupied, and a campaign is to be made among the churches and territory contiguous to Jacksonville.

The meeting was largely attended and was called to order by President Curry. The gentleman then called upon S. W. Nichols to offer prayer. The meeting was afterward called upon to offer some remarks and speak in a very encouraging and happy vein, wishing at once the good will and hearty cooperation of all present. He said the hospital is to be run on a business principles and he felt sure that it was properly presented to the people of the city and the county and portions of Cass, Scott and Greene tributary to Jacksonville, that great interest and assistance would be afforded.

Mr. Curry said that heretofore people have not been fully in touch with the hospital, but that they were becoming more and more interested in it as they came to know of its existence.

Mr. Curry thanked the trustees for the honor thus conferred upon him, and his best efforts toward the welfare of the institution.

The speaker's remarks were received with hearty applause and everyone present felt that the hospital has received a fine acquisition in its new executive head.

WHILE THE CHURCHES TO AID OF the city and the county for a special sum to be raised thru their annual budgets for the upkeep of the hospital furnishings.

Of a pathological department, which he said would pay for itself and would be a great addition to the facilities for treating the sick. Other hospitals have such departments and Passavant should have one. The committee was instructed to investigate the matter at once.

A special committee including Mrs. A. Wehl, Mrs. G. C. Guthrie, Mrs. E. W. Brown and Mrs. W. L. Alexander was present and thru Mrs. Wehl addressed the meeting. Figures were presented which showed how much a laundry was losing having its laundry done elsewhere. In 1918 the laundry cost the institution \$3,433.23 and in 1919 \$3,928.81. Mrs. Wehl said that members of the committee had visited the Norbury sanatorium and had closely examined the laundry in operation there and were much impressed by the inspection. The ladies stated they had \$150 to put toward the work, that a careful estimate of building and equipment was \$10,000.

### WILL BUILD LAUNDRY

Mrs. Brown told how the ladies had worked for the money in hand and Mrs. Alexander reported the amount available. It was decided to go ahead and build the laundry and the chair and two others whom he will select were made a committee to secure underwriters for the needed \$5,500.

Mr. Curry said that he would announce the committee at a later time.

It was decided to go ahead with the project and new water works had been put in and those who had underwritten the work had been called upon to pay anything. He was certain this would be the case in this instance.

The secretary read a communication from Dr. Harker and reported the best of Mrs. Brock as \$4,650. It was decided to accept the offer as a memorial to Mrs. Brock. A rising of the hospital, S. W. Nichols

Dr. T. O. Harker, pastor of the Methodist church, near the hospital, said that he had been doing the work and was proud of the work. Mr. Hollinger reported that the work was being furnished as rapidly as possible.

Walter Ayers in response to a question gave a list of the insurance policies of the hospital, which were \$10,000.

### THE SPECIAL CAMPAIGN

The matter of bringing the hospital directly before the churches of the county and portions of Cass, Scott and Greene counties, was brought up and it was decided that a special campaign shall be made to this end. Each church is to be urged to send a delegation to the hospital, S. W. Nichols is to be the chairman of the committee and he is to be authorized to call upon anyone whom he could persuade to do the work. It is to be undertaken as soon as possible.

The entire meeting was pervaded by a sense of enthusiasm and zeal for the hospital. The women said that they had 25 members in the hospital and expected as many more in a few months. The meeting came to a close by prayer by Rev. D. Gowdy, pastor of Centenary church.

Elihu Root, former secretary of state. It was indicated, however, that attempts might be made to amend it on the floor and everyone admitted that in view of the unsettled situation and even balance of voting power in the senate, the outlook contained many possibilities.

There was much speculation tonight as to whether President Wilson now that the Republican modifications have taken definite form, might not take some step to inform Democratic senators of his attitude.

It was said by Democratic leaders, however, that they would make no effort to ascertain his views, and that they had no knowledge of any intention on his part to make them known.

## Successful Business Man.

Anton Graef was born in Ger-  
many fifty-five years ago and  
came to Jacksonville as a young  
man. He was a cigar-maker by  
trade and subsequently engaged  
in business on his own account.  
He exercised good business ad-  
vantage, was unusually industrious  
and so accumulated considerable  
estate. Honorable in all his  
business dealings, very cordial by  
nature, he acquired a great many  
friends who will join in extend-  
ing their sympathy at this time  
to the members of the family.

The deceased was a member of  
the Church of Our Savior and  
lived consistently. In November,  
1909, Mr. Graef was married to  
Miss Julia Maier and he is sur-  
vived by his wife and two daugh-  
ters, Helen and Dorothy. Sev-  
eral brothers and sisters are  
residents in Germany.

At the coroner's inquest last  
night the witnesses examined were  
Dr. George E. Baxter, George  
Nunes, C. H. Ratz and Michael  
Heffernan, the last mentioned be-  
ing an employee of Mr. Graef. The  
first three witnesses told of find-  
ing the fallen man in the street,  
and of other facts mentioned  
above.

Employe Testifies. Mr. Heffernan testified that  
he had conversed with Mr. Graef  
during the afternoon about the  
number of matters of business  
and that the deceased seemed to  
be in usual spirits. Mr. Graef  
told of his intention to stop at  
James Wall's pool room on the  
west side of the square while en-  
route home to sell cigars. He said  
he would make this stop if his  
brother-in-law, L. E. O'Donnell  
came for him in an automobile.  
Otherwise, he would have the  
call for Mr. Heffernan to make  
and would go home on the street car.

Within a few minutes after this  
conversation the almost lifeless  
body of Mr. Graef was found on  
East Morgan street. Mr. Heffernan  
was in the work shop at the  
time of the happening but  
thought Mr. Graef was in a rear  
room making preparations to  
leave the building.

When the deceased was found  
his breath smelled of carbolic  
acid and there was a burn on one  
side of his face. A search was  
made for a bottle and it was  
found on the roof of the build-  
ing, where Mr. Graef had evidently  
been just a short time before  
his death. Mr. Heffernan testi-  
fied that he had told Mr. Graef  
that afternoon of a bad leak in  
the roof and it is supposed that  
the deceased went up to examine  
the roof.

## INTEREST ON WATER FUND CERTIFICATES

Will Be Paid Monday—Bonds  
Soon Ready For Delivery

Members of the citizens' com-  
mittee on water supply met yes-  
terday at the call of the chair-  
man, Dr. Harker, to consider an  
ordinance prepared by Mr. Bellat-  
ti, providing for the dealing of  
lands secured in connection with  
the water project to the city of  
Jacksonville. Recently the coun-  
cil ordered a warrant issued for  
\$5,868 the sum necessary to pay  
the interest on the water certifi-  
cates. This payment will be ready  
for subscribers to the fund next  
Monday.

It has been the hope of the  
committee to have the bonds  
which are to take the place of the  
certificates ready for distribution  
Monday, but delay in receiving  
them from the lithographers has  
made this impossible. It is ex-  
pected, however, that the bonds  
will be ready for delivery in the  
course of a week or ten days. The  
bonds will be issued in different  
denominations and will bear six  
months interest coupons.

## REPEATER STATION TO BE READY SOON

Awaits Installation of Power  
Equipment—Division Wire  
Chief here Yesterday consult-  
ing with Phil A. Heneghan.

J. W. Konigsmark, division  
wire chief for the Western Union  
Telegraph company with head-  
quarters in Chicago, was in the  
city Friday consulting with Chief  
Installing Engineer Phil A.  
Heneghan and inspecting the new  
repeater station here. As soon  
as the power equipment is receiv-  
ed the plant will be tested out  
and placed in operation.

Some of the companies most  
important wires will run thru the  
Jacksonville office. One of these  
wires will be a New York-San-  
Francisco circuit which is used  
exclusively for cable messages. A  
Chicago-Los Angeles and Chicago  
San Francisco circuit will also  
make up one of the circuits.

R. H. Linn of Peoria has al-  
ready begun work and A. A.  
Lytle of Kansas City, together  
with his family, will arrive Mon-  
day. There will be five repeater  
chiefs and one chief operator,  
two men working on an eight  
hour shift.

## ILLINOIS COLLEGE IS ELIMINATED

Blue and White Lose Second Con-  
test to Millikin 42 to 20.  
Millikin, Augustana, Illinois  
Normal and Lombard in Semi-  
Finals.

Illinois College was eliminated  
in the Little Nineteen basketball  
tournament at Rock Island Fri-  
day afternoon by Millikin, by a  
score of 42 to 20.

Millikin had already defeated  
Bradley and her win over Illinois  
put her back in the running for  
the championship.

However, the dopesters do not  
give the championship to Millikin  
as unreservedly as they did be-  
fore the start of the tournament.  
Illinois Normal is playing a  
brilliant game and Lombard is  
not far behind her while August-  
ana is also in the semifinals with  
the other three named. August-  
ana while not seeming as strong  
as the others have had the ad-  
vantage of playing on her home  
floor before a home crowd and  
this undoubtedly helps.

In the morning August Normal  
again meets Millikin and Lomb-  
ard will play Augustana. Lomb-  
ard looks strong and it seems  
should defeat Augustana.

While it is an uncertain pro-  
position, at the speed Normal is  
traveling she may repeat the  
trick on Millikin this morning. If  
he can do this she should be  
able to put over the counter on  
Lombard. However, it is a big  
gamble and the man who can  
pick the little nineteen cham-  
pions this year can make a lot  
of money if he is willing to back his  
judgment. "The scores:

Millikin, 42; Bradley, 29.  
Wesleyan, 34; Redding, 27.  
McKendree, Carthage, 23.  
St. Viators 50, Southern Nor-  
mal, 20.

Afternoon.

## A LETTER FOR WOMEN

From a Woman Whose Serious Ill-  
ness Was Overcome by Lydia E.  
Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia  
E. Pinkham's Vegetable Compound  
for a complete  
nervous break-  
down following  
the birth of my  
oldest child. I got  
up too soon which  
caused serious fe-  
male trouble. I  
was so weak that  
I was not able to  
be on my feet but  
very little and  
could not do my  
housework at all.

I had a bad pain in my left side and it  
would pain terribly if I stepped off a  
curb-stone. One day one of your  
booklets was thrown in the yard and  
I read every word in it. There were  
so many who had been helped by your  
medicine that I wanted to try it and  
my husband went to town and got me  
a bottle. It seemed as though I felt  
relief after the second dose, so I kept  
on until I had taken five bottles and  
by that time I was as well as I could  
wish. About a year later I gave birth  
to a ten pound boy, and have had  
two more children since and my health  
has been fine. If I ever have trouble  
of any kind I am going to take your  
medicine for I give it all the praise  
for my good health. I always recom-  
mend your medicine whenever I can."  
—Mrs. Eva E. Gray, Garnett, Kas.

**HEAVY RAINFALL IN WHITE HALL**  
Railroad Tracks Reported Under Water at Several Points—Other Greene County News of Interest.  
White Hall, March 11.—A rainfall of 1.67 inches that was recorded up to Thursday evening, sent all creeks on a rampage, and railroad tracks were reported to be under water at several points. Apple creek began to hug the Burlington rails four miles south of White Hall, and the C. & A. branch line of the C. & A. was under water as early as 7 o'clock last evening at a point one mile east of Carrollton. The C. & A. track was being watched between Pearl and Nebo all night to guard against a possible washout. Hurricane creek went on one of its customary rampages, though with more emphasis, and invaded almost the entire town of Hillview, but the property damage is confined to water damage in cellars and the leaving of a large deposit of driftwood about town. Hurricane creek runs along the south side of the C. & A. track through Hillview, and the water that went over town was principally backwater that came up without the terrible force characteristic of the creek that is correctly named. Mrs. Alvis McClenning, rural mail carrier on the route south from Hillview, was nearing town on her return trip, following the old roadway between the creek and the C. & A. track, when the creek came up with such rapidity that the horses were carried down stream and the buggy overturned. Mrs. McClenning was rescued un-

der miraculous circumstances and the horses finally reached an obstruction where they were enabled to regain themselves and swim out. There are several cases of sickness at Hillview at this time, and the flood might accentuate the health situation. Will Coates, his wife and a daughter are all in a dangerous condition with pneumonia, and his brother has been summoned from Texas.  
Olin McGown, formerly a well known conductor on the Illinois Traction System between Peoria and Springfield and St. Louis, has been with his parents, Mr. and Mrs. W. A. McGown, this week. He quit the railroad service four years ago to explore the field of commercial traveling, and he has just signed up with another company that marks him as a distinct success in his newly chosen profession.  
A public sale by Elmer Stout has disposed of the only stock of agricultural implements in White Hall, leaving the city without a business of this kind. Discussing the situation J. W. Campbell, former supervisor, indicates a willingness to lead out with plans to capitalize a business of this sort that will be in a position to handle such a proposition on a magnitude commensurate with the local business field.  
Mary Vinyard, mother of L. C. Vinyard, a well known democratic politician of White Hall, is reported to be critically ill with pneumonia.  
Mr. and Mrs. Clark Baldwin are preparing to locate in Denver, as the climate of Colorado is more conducive to the health of the latter.  
The proceedings to delay and possibly annul the White Hall community high school will meet with a determined defense, according to a statement of Louis Lowenstein, just returned from a sojourn in California, and who as president of the community board of education is in fine condition to engage in legal combat with his old-time vigor. He is quoted as saying that the case will be fought even to the supreme court in order to bring about the needed school facilities and he has the backing of the entire board. Mr. Lowenstein is right at home in a legal scrap, having spent a number of years in legal proceedings in bringing about a realization of the reclaimed areas along the Illinois river in western Greene county. He is decidedly favorable to the new high school, and he would not be for it without seeing adequate merit in the proposition. He is not the only big taxpayer favorable to it either. Mrs. Seth N. Griswold, reputed to be the wealthiest woman in Greene county, did personal work in carrying the election, and what she is quoted as having told one opponent is a plenty. Then there is W. S. Corsa with 700 or more acres of land right in the heart of the new school district, and not an acre of which could be bought. He has never been quoted as openly advocating such an institution as the new community school, and it might be inferred that one as hard hit as he would be by the increased taxes, would be lined up with the opposition, but the writer knows the reverse to be true. He not only favors the new school, but would welcome such an institution on even a more elaborate scale than proposed, and is in favor of the board of education retaining every foot of the 39 acres under option as the site, seeing the good service to which it can be put. These quotations afford something of a line on the strength of sentiment for the community high school in view of declarations to the contrary.  
Mr. and Mrs. Will Powell, of Hillview, were in the city on matters of business yesterday.

### CHURCH SOCIETIES OF MANCHESTER MEET

Baptist Missionary Society and Worth While Girls Class Held Regular Meetings This Week—Flem Cooley Dies in Army Service—Other News.

Manchester, March 11.—The Missionary Society of the Baptist church met at the home of Mrs. Guy Brown Wednesday afternoon, with Mrs. Brown and Mrs. Albert Cooley as hostesses. The subject for the afternoon was Burial and was led by Mrs. Fred Peek. Roll call was responded to by fourteen members and two visitors. After the program a social hour was enjoyed and refreshments served.

The Worth While Girls class of the Baptist church enjoyed a social at the home of Misses Ollie and Wilma Walker Tuesday evening. The evening was delightfully spent in games and music after which the hostesses served delicious refreshments. Those present were: Mrs. J. C. Robinson, Mrs. Clinton McConnell, Misses Ruth Blackburn, Lucille Antrobus, Nellie Smith, Helen Smith, Ada, Hazel and Faye Greenwalt, Susie Windsor, Ruby Shirley, Hattie and Florence Lemon, Mabel Blackburn, Bertha Thady Goldie Rochester and Hazel Duncan.

Mr. and Mrs. Thomas Cooley, residing east of Manchester, received a message Thursday advising them of the death of their son, Flemis, which occurred at Brooklyn, N. Y. He was serving in the regular army. Particulars of the death are not known. He served in the army overseas during the war and has been located in the east about a year. Decayed and is survived by his parents, Mr. and Mrs. Thomas Cooley, three sisters, Mrs. J. E. Carman, Mrs. Elmer Herron and Nona Cooley; two brothers, Vern and Elmer Cooley, all of this vicinity.

Mrs. G. N. Lucas was taken to Our Savior's Hospital at Jacksonville Monday where she submitted to a surgical operation Tuesday. Her condition is considered satisfactory.

Mrs. George Goacher of White Hall and Mrs. Gallagher of Woodson spent Wednesday at the home of Mrs. Phoebe Spencer.

Mrs. Ella Spencer of Murrayville visited her sister, Mrs. J. C. Andras and family Tuesday.

C. D. Chapman made a business trip to St. Louis, Tuesday.

At an election held Wednesday the following were elected to serve on the board of directors of the community high school: H. A. Langdon, Robert VanTuyt, Walter Scott, C. E. Thady and Dr. Heaton.

Mr. and Mrs. Edwin Lucas of Philadelphia, Pa., and Mr. and Mrs. Frank Lucas of Chicago, who were called here by the illness of their mother, Mrs. G. M. Lucas, left for their homes Wednesday.

### HARRY CLARK HAS VANDALIA ROAD HOME

Buys From John Hodges Property Adjacent to Mauvalstere Lake

Harry Clark, has recently purchased from John Hodges property on the Vandalia road opposite Nichols park. It will be remembered that a larger portion of Mr. Hodges' land was acquired by the citizens' water committee for the city of Jacksonville for use in the building of the reservoir.

Something more than 10 acres, including the improvements remained in Mr. Hodges' ownership and this has just been acquired by Mr. Clark, who is now in possession. The house is situated on a high knoll and Mr. Clark feels that with the large body of water adjoining it he now has a very beautiful homestead.

It is understood that in this transaction between Mr. Clark and Mr. Hodges that the latter became the sole owner of the Rialto theater, in which both have recently been jointly interested.

### BLUFFS YOUNG WOMAN WINS FORD AS PRIZE

Mrs. Laura Coultas Winner of Ford Offered by American Legion Post—Household Science Club Met—Other Bluffs Items.

Bluffs, March 10.—The boys of the American Legion of Bluffs raffled a Ford auto or its equivalent—\$625 in cash, at the movie theatre Tuesday night. Mrs. Laura Coultas held the lucky number, 925, and is now the proud possessor of her choice between the cash or the car. Her friends congratulated her upon her good luck. The boys sold 1000 numbers at \$1.00 each and the surplus above price of car and other expenses will be applied to the fund of the Charles Wolford Post of the American Legion of Bluffs.

The Household Science club held an unusually interesting meeting with sixteen members present with Mrs. F. K. Parker as hostess Tuesday afternoon. A very pleasing program was rendered. Mrs. Henry Knoepfel read a paper of unusual interest on the subject of "Country Life, its Pleasures and Possibilities."

At the close of the program a dainty luncheon was prepared and served by the following ladies: Mesdames Frank Parker, William Hildebrand, James Lucas, James Likes and Mrs. William McCullom.

The ladies of the Foreign and Home Missionary Society will meet with Mrs. S. M. Carver as hostess Wednesday afternoon, March 31. All members and friends requested to be present.

Mrs. Laura Coultas was a visitor in Springfield Wednesday.

J. D. Maloney of Springfield was a business visitor in town Tuesday.

Mrs. H. D. Killpatrick who has been seriously ill for several weeks is convalescing slowly.

Mrs. P. C. Burrus is confined to her home on account of illness.

Crony Mills who left two weeks ago for a ten day visit with relatives in Windmere, N. D. and to look over some land propositions near that city has decided that the country looks good to him and he will remain ten days longer.

The entertainment given by the "Busy Bee" class of the M. P. Sunday School under the direction of Misses Faye Rees and Marie "son was well patronized. Those in attendance certainly got their money's worth. The entertainment and home talent play showed both talent and careful training on the part of the participants. The proceeds were \$40 which will be applied to the treasury fund of the "Busy Bee" Sunday School class.

### CLOSING OUT SALE

Having rented my farm and decided to quit farming I will offer for sale on the A. M. Masters farm 2 miles east of Woodson and 9 miles southeast of Jacksonville, on March 16, good span of mules, horses, implements, milk cows, 16 head Poland gilts to farrow last of March.

HARRY A. TARZWELL.

### CASES APPEALED TO CIRCUIT COURT

In the circuit court yesterday appeals were filed in the Justice suit brought by Winifred Sale and Phyllis Collins against Waverly township high school. Last week the complainants brought an action before Squire Dyer's court for the collection of one month's salary each.

Judgment was entered against the school board and the appeal was taken by the board thru their attorney, John J. Reeve.
